

PAYG 4GEE Mobile Broadband

Superfast 4GEE PAYG

With EE, customers can now get superfast 4GEE internet access on their tablet or laptop via PAYG. When a customer buys a mobile broadband device (i.e. a dongle) it'll come preloaded with an amount of data for a single price. It's easy to set up and get started. Then when a customer wants more data they simply buy it as and when they need it. No contract is necessary.
